NOTES TO SURVEY

- Bearing system based on Clearwater County Coordinate System.
- Coordinate values shown on this Certificate are based on the Clearwater County Coordinate System, NAD83(1996). Calibration point: GSID Station No. 5509 (FENCE MNDT).
- Other than the east line of Section 24, the location of internal Government Lot, Quarter, Quarter, and parcel lines within Section 24 are approximate and not based on survey data.
- Field survey conducted on August 21, 2009.
- This survey is not being performed with the benefit of any title work being completed.
- A rebar was found at the closing corner to Section 19, referenced as NO-1. A fence line and forestry tags were found in this vicinity as indicated in Beltrami County Records. Burnt pine stumps were recovered in the vicinity of the bearing trees noted during the original Government Survey in 1891. This includes a pine stump in the immediate vicinity of N09E, 122.7 feet and S35E, 37.6 feet. A 1 1/4 inch iron pipe was set above the rebar flush with the ground. The recovery of the pine stumps indicate that the rebar was set from the remains of the original bearing trees and that the location of the Public Land Survey Corner has been perpetuated.
