

2024 Schedule of Property Inspections by Township and City

The Clearwater County Assessor's office is required to review one-fifth of the county each year. We will be out in the following townships and cities starting in May until the end of November working on the 2025 assessment:

Copley Township, City of Bagley, Eddy Township

We will be checking our information, measuring, and updating our photos.

Our staff wear a name badge, carry a business card, and typically have the county logo on their vehicles.

We do notify the township/city clerks prior to beginning in a township or city.

If you have any concerns or questions, please contact our office.
