**Minnesota Pollution
Control Agency**

Local Fix-Up Fund Grant Application

These grants are a cooperative effort between Clearwater County and the Minnesota Pollution Control Agency, with funding from the Clean Water Legacy Act (Minn. Stat. ch. 114D) in protecting groundwater and surface water from impacts resulting from the improper design and/or operation of Subsurface Sewage Treatment Systems (SSTS).

Grant awards will be made on a first-come first-served basis in order of complete applications received. Grants are for 50% or 80% cost-share of the total design and installation cost for SSTS upgrade, payable directly to the contractor prior to system installation. Applicants meeting "very-low income" limits of the U.S. Department of Agriculture (please see attachment) are eligible for 80% grant funding. Applicants meeting "low-income" limits are eligible for 50% grant funding.

Instructions:

Please return complete application documentation to the address at the top of this page.

To determine eligibility and proceed with funding of the project, the following documentation must be submitted:

- notice of non-compliance issued by a Minnesota licensed sewage treatment system Inspector
- Completed design by a Minnesota licensed SSTS Designer and firm quote for the total cost of installation from a Minnesota licensed SSTS Installer.
- Documents sufficient to determine that the applicant meets the "very-low income" or "low-income" limits of the U.S. Department of Agriculture.
- Proof of payment of owner share of installation cost will be required prior to commencement of work is authorized under the grant agreement.
